The Virginia people are unanimously indignant at the Examiner for its treatment of the Nevada Stars and many are stopping their papers. The Examiner is dubbed the prince of fakers.

Jack Savan is an ideal farmer. He has raised a good crop of extra fine vegetables. They are so choice that many kinds go on exhibition instead of into the kitchen as ordinary products do.

The match game of baseball between the Monograms of Portland and the Tufts-Lions of Los Angeles at San Francisco Sunday ended in a draw, each side having played twelve innings and the score standing 12 to 12.

The newspapers of the State are talking sugar factory and starch factory, the sugar to come from beets and the starch to come from potatoes.

It does not pay to quarrel with the cook. It now turns out that a Comstocker had a row with his and the kitchen artist served him a defunct tom cat as rabbit stew.

The boulevard in the western part of town has been finished and compliments are in order. It is nearly three-quarters of a mile in length and should be appreciated as much as it is needed.

A young man who stole a ride in a box car over the Central Pacific remitted ten dollars in payment for it when he struck a job. He evidently considers it a load off his conscience.

William Enright is a father and he is very proud of the little daughter. It is said that Miss Enright's appearance upset some of Billy's calculations and that he really was expecting a young McKinley.

To-morrow night at Music Hall Ben Currier will be among the speakers and he is an orator. He is the Populist candidate for Justice of the Supreme Court and a young man of ability. Go and hear him.

The woman who attempted suicide as her husband laughed at a pair of trousers she was making for her son should have devoted her time to making trousers for the husband. Then, it is safe to say, he wouldn't have laughed.

Nearly all our Nevada exchanges are scoring the Examiner for the shabby way it treated the Stars. Nevada people may quarrel among themselves but they unite as solid as a rock against a common enemy.—News.

The DISPATCH acknowledges the receipt of complimentary tickets to the lecture to be given by Miss Susan B. Anthony and Mrs. Carrie C. Catt at the Opera House November 9th, under the auspices of the Nevada Equal Suffrage Association.

The Nevada Stars will go to San Francisco the first of next month to play a series of games at Central Park. They will meet the Alameda Alerts first. The game will be for gate receipts. They will also play the Grass Valley nine before returning home.

It will surprise the people of Nevada when they see how many votes the McKinley electors receive in Storey county. There are people here willing to bet money that McKinley will get only 200 votes in the county, but they will be badly fooled.—Enterprise.

If that good woman, Lady Henry Somerset, is so anxious to find an asylum for the oppressed Armenians, let her endeavor to have them provided for in England. England's voice is very deep in the cause of humanity, but insists that they all be dumped into the United States.

Greeley was the candidate of two parties. His nomination was received with great furors and loud acclaim. As has Bryan, so did Greeley make the same personal canvass, while Grant staid at home. The same claims were made that Greeley would sweep the country.

The result will be awaited with interest.

Tom Bastian is as well pleased as he is amazed at the effect of the use of W. J. Gill's medicine on his sore leg. Tom feels that he is about cured, the sores having nearly all healed and the swelling disappeared. It is truly a marvelous cure and the people who saw the condition Tom was in can speak of the matter from their own knowledge.

If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by Druggists and Dealers and the Commercial Co. of Lovelock.

Good for man; good for horse; Trib.

THE FOOTBALL GAME.

There was a large crowd at Reno last Saturday to witness the game of football between the University eleven and Wadsworth, quite a number of our people being among the spectators.

The Gazette says: "Wadsworth started the game by a kick to the 'Varsity field but the Nevada boys soon returned the ball by a gain of 25 yards by Sunderland, and one of 30 by Higgins. Then there was a touch down by Sunderland. The ball was returned to centre and kicked off by Wadsworth. Two more touch downs by the 'Varsity tells the story of the first half.

In the second half the ball was kicked off by the 'Varsity, but by a fumble Wadsworth lost the ball. In this half the most noticeable plays were the runs of Sunderland, Higgins and Finlayson, the tackles of Owens, Keddie and Sunderland.

During this half three goals were kicked. At the end the score stood 30 to 0. The runs of Sunderland, Finlayson and Higgins and the tackling of Keddie, Owens and Beemer were the most noticeable.

Our boys are loud in praise of the treatment they received at Reno and cannot say too much of their hearty reception. Every possible pleasure was given them and every attention was paid to their comfort. They were given their expenses, were feasted and treated royally all around.

Drunkness is not a physical disability.

REPUBLICAN MEETING.

Notwithstanding the storm and the intense darkness Monday evening Music Hall was filled by people who desired to meet the Republican nominees on the county ticket and to listen to the address by Hon. R. L. Fulton of Reno.

N. A. Hummel called the meeting to order and introduced the visiting candidates. S. J. Hodgkinson, nominee for Assemblyman, was well received. He is deservedly popular and has a host of good friends here. H. E. Stewart discussed the platform and Archibald Steele made a lively and interesting talk, Henry Stevens giving his time to his colleagues.

George Cunningham, for Sheriff, made his initial bow and a good impression. W. E. Gould, for long term Commissioner, met with a hearty reception and T. G. Herman, for short term Commissioner, was enthusiastically received.

Hon. R. L. Fulton delivered an interesting and scholarly address and was applauded repeatedly. Mr. Fulton thoroughly understood his subject and handled it in a masterful way.

The blazing bonfires and the stirring music of the Wadsworth Brass Band, the crowded sidewalks and earnest citizens discussing politics, made a lively scene.

There is a law on the statute of Nevada which prohibits prize fights, but atletic exhibitions are permitted by the laws of this State. It was to ascertain how the high officials construed the latter law that Stuart made his visit to Carson. He attempted to keep his mission a secret so not to arouse opposition. The result of his interviews, too, are being kept secret.
